Enterprise Student
Installation Instructions

FAMOS

TURNING COMPLEXITY INTO CLARITY

imc – productive testing

Thank you for your interest in FAMOS, the software for signal analysis and display, and presentation of measurement data.

For the purpose of activating the software or to extend the Student Version to 365 days, please send an E-mail to the imc Hotline (hotline@imc-tm.de) and provide the following info:

- **Name**
- **E-mail address** (we accept exclusively an
- E-mail address from your educational institution's domain)
- A copy of your valid **certificate of matriculation**

Once we have successfully verified your documents you will receive a license key for your Student Version.

Downloading FAMOS Enterprise Student

The **Student Version** of **FAMOS Enterprise** (with all expansions) is available to you as a download on the FAMOS website.

1. Open the corresponding header on the website:
   https://www.imc-tm.com/download-center/product-downloads/imc-famos/software
2. Under "*Software downloads for FAMOS*" select the page "*Student Version*".
3. An application form appears; please fill this in and then request the "*Download*".
4. There is a quick prompt for confirmation and you receive the link to your personal down-load.

Installing FAMOS Enterprise Student

1. Run the setup "imc_FAMOS_Installer.exe".
2. Perform the dialog-guided Setup.
3. In the installation phase "*imc FAMOS Edition*", select "*Enterprise*".
4. Following successful installation, imc FAMOS must be activated.
5. At the end of the setup procedure, select "*Start imc License Manager*".
6. Use the menu item "*Activation Via Internet*" and perform the dialog-guided activation process. For the activation, enter the E-mail address of your educational institute.
   If you don't have an Internet connection, select the menu item "*Activation without Internet*" and follow the instructions.

7. Enter the license key which you have received from the imc Hotline. The software is now enabled for 365 days.
8. As soon as your Student Version has been extended, repeat Step 6: Use the menu item "*Activation with Internet*" and perform the dialog-guided activation process.

If you later receive a full version, you only need to activate the included License Key using the imc License Manager.

You can start the imc License Manager at any time via your program manager
(default: Program Files/ imc/ imc License Manager). When a license expires, the imc License Manager starts automatically.

User's Manuals

In the Download area of the website mentioned above, the program documentation is available in PDF format (in print layout) in German and English language versions.

After installation, the documentation is additionally accessible as the online help files for FAMOS.

We hope you enjoy working with our software. We will be happy to offer you a quote for a FAMOS Full Version, or to offer help with issues regarding operation, functionality and know-how.
